FATHER'S DAY 2015 - PRIORITIES

INTRODUCTION

We can be better Children here on earth by listening to our Heavenly Father (God), by obeying our Father (God), by loving our Father (God), and by praying to our Father (God). This is why our priorities are so important and why being an image bearer of Christ under the direction of the Father is so important. How we serve our families, and ultimately live on mission, comes out of our understanding of who God is, that He is our Heavenly Father. If our priorities aren't in check, then we quickly become lost.

DISCUSSION

What were your priorities this past week?

EXPLANATION

Explain what your earthly father's priorities were while you were growing up. In what ways does your life reflect those today? What priorities do you wish were different?

APPLICATION – READ DEUTERONOMY 6:4-9

What are the good things your earthly father taught you? What are the negative things your earthly father taught you? Do you tend to live in (or focus on) the good or the negative?

MISSION

Where do your priorities need to change? How can your close friends, or Gospel Community, help you keep your priorities in order? How do you think God looks to the world with you as His ambassador?
