Week 13

FAMILY & GROUP DISCUSSION

How far is Too Far (Esther 9:1-19)

INTRODUCTION

Forgiving is NOT forgetting, forgiving does not always mean reconciliation, forgiveness is a different issue than justice, forgiving is personal, and forgiveness is a process.

DISCUSSION

In what ways could you offer someone forgiveness but still not have reconciliation?

EXPLANATION

How often do you keep score?

How do you keep score?

How can people make it from the negative column to the positive column in your heart? How hard is it for people to experience YOUR forgiveness?

Judging by your standard, would God forgive you, if He was you, for all the garbage you have committed against Him?

APPLICATION

How can we function more as God intended by forgiving others and being forgiven ourselves?

What would it look like if you tossed your internal book?

How could you extend God's grace to others, not just in the areas of forgiveness, but in all aspects of how you treat those around you?

How can your deep understanding of God cause you to live differently than you do today?
