OBADIAH

Prophesied 9th Century BC (most likely during the ministry of the prophet Elisha).

Obadiah is the shortest book in the Old Testament.

Obadiah's name means "worshiper of Yahweh."

He pronounces judgment on Edom, making Obadiah one of only three prophets who pronounced judgment primarily on other nations (Nahum and Habakkuk are the others).

DISCUSSION QUESTION:

Talk about what your high places are; the places in which you gaze down at others.

How does the Gospel enable you to see your "high place?"

How can you, in humility, come down and engage (and even protect) others you have looked down upon?
