DISCUSSION QUESTIONS

Introduction

How do we actually do life with Jesus? The Scriptures teach that this one of God's great desires, and because it is one of His great desires He communicates how to do it.

Discussion

Define what prayer is and how you do it?

What is your prayer life currently like?

When is it the most difficult to remember God is present?

How could you practically be more aware of God's presence?

How would an awareness of God's presence impact your daily life (attitude, relationships, habits, etc.)?
