

INTRODUCTION

How do you cope with change?

Almost everything in life is changing; our lives, our circumstances, our environment. Change is difficult to acclimate too and too much change can make you feel off balance

READ JAMES 1:8 AND 4:8

A double-minded person is restless and confused in his thoughts, his actions, and his behavior. Such a person is always in conflict with himself. One torn by such inner conflict can never lean with confidence on God and His gracious promises. Correspondingly, the term unstable is analogous to a drunken man unable to walk a straight line, swaying one way, then another. He has no defined direction and as a result doesn't get anywhere. Such a person is unstable in all he does, constantly changing.

In what ways would you say are you double minded?

Is God double minded?

Why is it important to remember that God does not change?

The consistency of God is important because it guarantees that the promises of God, made 2000 + years ago, are still applicable to us today. God's consistency leads us to trust Him and we do not have to worry about Him changing His mind or regretting what He has said. He is good despite the ever changing nature of humanity and we do in the world.

MISSION

How can you share about the unchanging nature of God with people who are going through a chaotic and changing season?

PART 2 WHAT! — IN THE — WORLD?

MALACHI 3:6

FOURTEEN: DOES GOD REGRET?
